EXTRA is always handy when you've got work to do. Like the awesome capability of a Cummins® Turbo Diesel V8 pumping out 555 lb.-ft. of torque. Over 12,000 lbs. (5,443 kg) of towing capacity.¹ A gooseneck hitch to give you more ways to tow.^{1,2} All held together with a massive chassis and commercially proven components underneath, and a smart, spacious cabin up top. It's the sweet spot with all the muscle you need, without the bulk you don't. The All-New 2016 Nissan TITAN® XD. The sense of a light duty with the heart of a heavy **DUTY**.

Nissan TITAN® XD Platinum Reserve shown in Forged Copper.

¹Maximum towing capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Cummins® engine only. Towing capacities vary by configuration. See Nissan Towing Guide and Owner's Manual for proper use. Cummins® is a registered trademark of Cummins Inc. ²Available feature.

TESTED, PROVEN, COMMERCIAL-GRADE COMPONENTS.

Look under the TITAN® XD and you'll see key components from our Nissan Commercial Vehicles program – vehicles that had to withstand more than 1,000,000 kms and 7,000 quality and durability tests. Add to that the TITAN® XD testing program, including brutal heat, freezing cold, towing steep grades at 150 percent of capacity,¹ and more. Heavy-duty attitude? We think TITAN® XD has earned it.

Nissan TITAN® XD Platinum Reserve shown in Forged Copper.

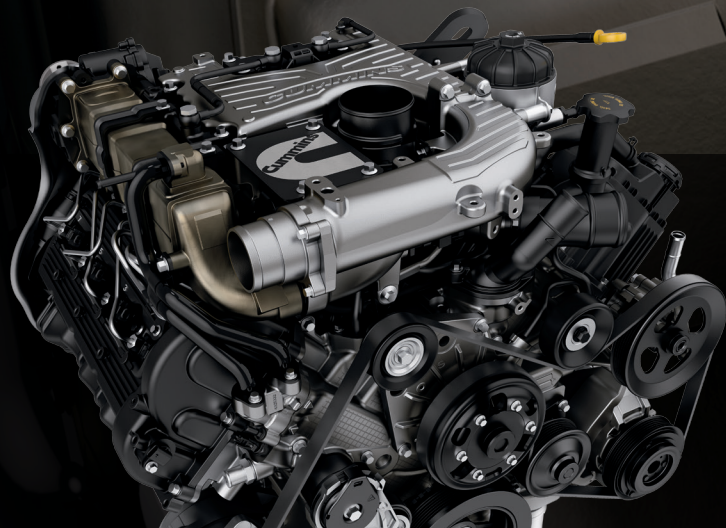

¹Maximum towing capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Cummins® engine only. Towing capacities vary by configuration. See Nissan Towing Guide and Owner's Manual for proper use.

CUMMINS® TURBO DIESEL 5.0 L V8

310^{HP} | **555^{LB.-FT. OF TORQUE}**

When you've got over 12,000 lbs. (5,443 kg) in tow, climbing a steep grade in oppressive heat, you'll be glad to have legendary power, a broad torque curve with massive low-end grunt and reliability under the hood. And you have just that, with over 100 years of leadership in reliability, efficiency, and advanced technology.¹

AISIN® One legend deserves another. Backing up the massive turbo diesel is a specially developed 6-speed automatic transmission. The world's largest supplier of automatic transmissions, used by over 55 automotive manufacturers, its depth of knowledge and expertise makes it an ideal partner to Cummins.

TWO-STAGE TURBO

Say goodbye to turbo lag. The Cummins® 5.0 L V8 Turbo Diesel gets a continuous power boost right through the rpm range, thanks to a first-to-market Holset® M2 two-stage turbocharger. You get solid acceleration from the second you put your foot down until you get up to speed.

CERAMIC GLOW PLUGS

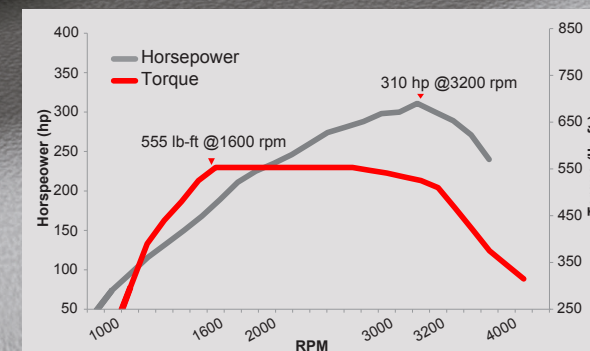

Even if it drops to frigid conditions overnight, you still have to get to work in the morning. With advanced Bosch® ceramic glow plugs, you can have your engine firing in less than two seconds even at that bone-chilling temperature. And these plugs were built to last – they'll be around for the life of the engine, with no maintenance.

LIGHTWEIGHT CGI BLOCK

The new Cummins® 5.0 L V8 Turbo Diesel gives you maximum durability and power in a lightweight package. Extra weight was shed by building the cylinder block out of compacted graphite iron (CGI), which is stronger and lighter than traditional iron. Other lightweight engine components were added, like high-strength aluminum-alloy heads and composite valve covers.

CLEAN EXHAUST

For decades, diesels had a dirty reputation for being, well, dirty. Technology has fixed all that. The new Cummins® 5.0 L V8 Turbo Diesel exhaust system has a particulate filter and selective catalytic reduction that enable the engine to run more cleanly. That technology also serves a second purpose – it reduces noise. Power and efficiency is now clean and quiet.

5.6 L V8 GAS ENGINE

COMING SOON²

390^{HP}
401^{LB.-FT. OF TORQUE}

Choose TITAN® XD's Endurance® V8 gas engine, and you've got a technological powerhouse under your foot. With a 4-valve-per-cylinder design, Nissan Direct Injection System, and Variable Valve Event and Lift (VVEL®) technology, power, efficiency, and refinement come together in a tested, proven package.

¹Maximum towing capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Cummins engine only. Towing capacities vary by configuration. See Nissan Towing Guide and Owner's Manual for proper use. ²Late availability. Pre-production engine shown. Aisin® is a registered trademark of Aisin Seiki Kabushiki Corporation. Bosch® is a registered trademark of Robert Bosch GmbH Corporation. Cummins® and Holset® are registered trademarks of Cummins Inc.

BUILT ON A CHASSIS THAT REALLY MEANS BUSINESS.

The most important rule of construction: build on a solid foundation. With the TITAN® XD, we had a great head start: tried and tested components from our Nissan Commercial Vehicles program. That was just the beginning. We then tested the All-New TITAN® XD in extreme conditions, simulating over 590,000 kms at our testing facilities, while racking up thousands of real-world kilometres in heat and cold, on-and off-road, at maximum capacity and many times, far above.

HEAVY-DUTY SUSPENSION

Reinforced double-wishbone front suspension. Large rear leaf springs and bushings help handle over 2,500 lbs. (1,134 kg) of payload.¹

14-inch, ventilated disc brakes on all four wheels. Developed from our Nissan Commercial Vehicles program.

14" VENTILATED DISC BRAKES

FRAME-MOUNTED GOOSENECK HITCH

Engineered directly into the frame for maximum strength. The proof – over 12,000 lbs. (5,443 kg) of maximum towing capacity.²

Full-length, fully boxed ladder frame for structural rigidity and a solid place to mount components.

HIGH-STRENGTH STEEL FRAME

Pre-production chassis shown.
¹Maximum payload capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Endurance® V8 gas engine only. Payload capacity varies by configuration. Bilstein shocks shown are only available on PRO-4X® model.. ²Maximum towing capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Cummins® engine only. Towing capacities vary by configuration. See Nissan Towing Guide and Owner's Manual for proper use.

MORE WAYS TO TOW OVER 12,000 lbs. (5,443 kg)

MAXIMUM TOWING	12,000 lbs. (5,443 kg) ¹
MAXIMUM PAYLOAD	2,500 lbs. (1,134 kg) ²

When it comes to towing, TITAN® XD gives you strength and flexibility. TITAN® XD's Gooseneck Hitch was engineered into the frame design from the beginning, giving you the confidence to haul big loads.^{1,3} TITAN® XD's equally adept at trailer hitch towing, and was specially designed to make towing easy – even when you're hitching up and towing solo.

Pre-production model shown.

OVER 2,500 lbs.
MAX
PAYLOAD²
(1,134 kg)

TOWING MADE EASY.

INTEGRATED TRAILER BRAKE CONTROLLER

Allows you to adjust brake bias depending on load. You can also add additional brake force on the fly by pinching the controllers on the console.^{1,3}

REAR HITCH ALIGNMENT CAMERA

TITAN® XD also makes lining up to a trailer easy. With either the RearView Monitor or Around View® Monitor, coloured lines help you judge distance from the item, while predictive course lines adjust with steering angle, to help guide you in.^{1,3,4}

REMOTE BRAKE LIGHT CHECK

Once you've hooked up your trailer, you can easily check all brake light connections by cycling through the lights with your Nissan Intelligent Key.[®] No muss, no fuss, no help needed.^{1,3}

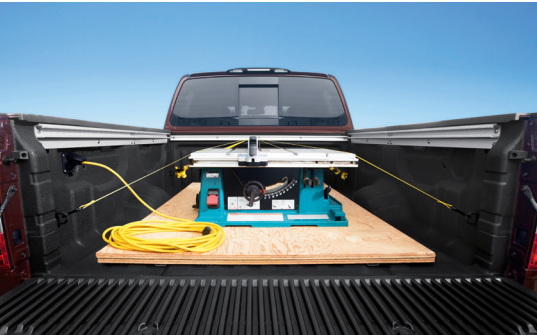

OPEN FOR BUSINESS.

The bed is why you buy a truck. Careful design makes sure TITAN® XD's truck bed gives you the strength, capability and flexibility you need.

SPRAY-ON BEDLINER TITAN® XD's tough bedliner is applied at the factory, ensuring you have a high-quality product. Designed for years of use and abuse, the bedliner helps protect your truck bed and your cargo.^{3,5}

UTILI-TRACK® CHANNEL SYSTEM Slide the beefy aluminum-alloy cleats anywhere along the 5 channels along the wall or the floor, and put whatever you bring on lockdown.^{3,5}

DESIGN YOU CAN BUILD ON TITAN® XD helps you get the job done quickly and easily, with room between the wheelwells for standard plywood sheets. Another smart feature, TITAN® XD's 110-volt outlet in the bed corner by the tailgate gives you a convenient hookup for power tools.^{3,5}

LED BED LIGHTING 24/7, TITAN® XD's got you covered with eight ultra-bright lights. The in-bed lights³ are tucked away to maximize space, while the standard lights over the rear window give you a wide field of sharp illumination.⁵

¹Maximum towing capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Cummins® engine only. Towing capacities vary by configuration. See Nissan Towing Guide and Owner's Manual for proper use. Cummins is a registered trademark of Cummins Inc. ²Maximum payload capacity when properly equipped. Based on internal testing of pre-production vehicle. Final capacity may vary. Endurance V8® gas engine only. Payload capacity varies by configuration. ³Available feature. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁵Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

CLIMBS, CRAWLS AND CONQUERS.

If you're going to do some epic off-roading, it helps to have a legendary name along for the ride. And with the All-New TITAN® XD, the legendary PRO-4X® model has never been more exciting, with a truck-load of competition-grade equipment that reads like a serious off-roader's wish list.

PRO-4X®

Hill Start Assist.

Helps keep you from rolling backwards when starting on steep hills.

Hill Descent Control.

Maintains speed and brake pressure to help provide a controlled descent.

Front Skid Plate.

Next best thing to a suit of armour. Helps protect key components, including the radiator.

Pre-production model shown.

Leather Seating Surfaces with Embroidered PRO-4X® Logo¹

Contrast Stitching on Steering Wheel and Interior Trim

PRO-4X® Embroidered Floor Mats

Metallic-tone Accent Trim

All-terrain Tires To help maximize grip, PRO-4X® models feature beefy 275/65/18 tires with an aggressive off-road tread design.

Electronic Locking Rear Differential When 4x4-LO isn't enough, this feature delivers equal power to both rear wheels to help boost traction and keep you moving forward.

Bilstein® Shocks Developed exclusively for PRO-4X® to help enhance control and response when off-road.

4-wheel ABLS Senses when a wheel begins to slip, then automatically brakes the slipping wheel (or wheels) and sends additional power to the wheels with the best traction.

¹Available feature. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH.

LOCKABLE REAR SEAT CARGO ORGANIZER

FOLD-FLAT FLOOR PANELS

OUT-OF-THIS-WORLD COMFORT.

TITAN® XD reaches new heights with the luxurious Platinum Reserve model. Relax in comfort in front and rear Zero Gravity Seats – inspired by astronauts – that simulate weightlessness to help reduce fatigue and stress while driving. Those in back are also looked after, with heated rear seats and convenient locking under-seat storage. When the rear seat is not in use, the bottom flips up, and the cargo storage cover folds out to create a convenient flat loading floor.

EVERY DAY, YOU'LL FIND MORE TO LOVE.

You'll fall in love with the looks, but it's the space and innovation that mean long-term appreciation of TITAN® XD's interior. Relocating the shift lever to the steering column puts controls easily within reach and creates a huge centre console.¹ The console lid even flips up – making easy access for driver and passenger alike. Little details make for everyday ease, like a glove compartment lever that's moved towards the centre for an easy reach.

Pre-production model shown. ¹Available feature. ²Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ³Information displayed is dependent on how vehicle is equipped. ⁴Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ⁵TPMS is not a substitute for regular tire pressure checks. ⁶Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁷Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY

INNOVATION THAT'S RIGHT IN FRONT OF YOU

From a dedicated off-road display to exhaust gas temperature (EGT), turn-by-turn directions to caller ID and safety features, the Advanced Drive-Assist® Display puts it all right before your eyes on its colour display. And it's easy to access, too — steering wheel controls let you toggle through the different screens.^{1,2,3,4}

US instrumentation shown.

OFF-ROAD STATUS^{1,3}

REMOTE ENGINE START SYSTEM WITH INTELLIGENT CLIMATE CONTROL NEVER GET IN A HOT OR COLD TRUCK AGAIN.

On hot days, the Remote Engine Start System with Intelligent Climate Control can adjust temperature and airflow for a quick cool-down.^{1,9}

On cold days, the system can adjust airflow to warm up the cabin, defrost windows and windshield, and even turn on the heated steering wheel and outside mirrors.

contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁸The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. ⁹Provincial laws may apply; review local laws before using. ¹⁰Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ¹¹Virtual composite 360° view.

AROUND VIEW® MONITOR

TITAN® XD's Around View® Monitor revolutionizes how you work and play. Whether it's parking, hooking up a trailer or off-roading in tight quarters, four cameras give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.^{1,10,11}

NissanConnectSM

BECAUSE BUSINESS IS ALL ABOUT CONNECTIONS.

NissanConnectSM with Navigation.^{1,2,3} Never miss a beat with TITAN[®] XD's advanced navigation system with connected technology.^{2,3} Use Voice Recognition and Online Search with Google[®] while you're driving.^{1,2,3,4} Bluetooth[®] hands-free calling^{3,5} and the hands-free text messaging assistant⁶ keep you in touch the smart way. Bring your own music with Bluetooth[®] streaming audio^{3,5} or one of the two iPod[®]/USB connection ports.⁷ More? SiriusXM[®] Traffic even helps keep you on the go with live traffic alerts.^{3,8}

MEET YOUR TEAM.

NissanConnectSM Services powered by SiriusXM[®]. Let our people look after you and your people. With NissanConnectSM Services, you have a selection of plans and services ranging from remote start access on your phone to calling for help if the system senses there's been an accident. Hey, that's what friends are for.^{1,3,5,8,9}

EMERGENCY PREPAREDNESS

Watches out for you with features including automatic collision notification and emergency calling.

REMOTE ACCESS

Use your computer or smartphone to warm up your car with the Remote Engine Start System. Remote lock/unlock gives you easy access – even without a key.⁹

CUSTOMIZABLE ALERTS

Keep you in the know about your vehicle's location, including Valet Boundary, speed, and even curfew alerts.

CONCIERGE SERVICES

Traveling? You've got help with features including Journey Planner and Destination Download.

¹Driving is serious business. Only use NissanConnectSM Services powered by SiriusXM[®] and NissanConnectSM Mobile Apps when safe to do so. NissanConnectSM Services and Mobile Apps availability is dependent on vehicle model, trim level, packaging, and/or options. See Nissan.ca/NissanConnect for complete availability details. Late availability for some features. Compatible smartphone required to operate NissanConnectSM Mobile Apps. NissanConnectSM Services, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal reception, the absence of which can limit or prevent the ability to reach NissanConnectSM Customer Care or receive support. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. You are responsible for using Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Cellular network not available in all areas and/or at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's or SXM CVS Canada's control. Neither Nissan nor SXM CVS Canada are responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan, SXM CVS Canada and/or their respective agents or affiliates. Certain services require a PIN for activation. Enrollment and Subscription Agreement is required to receive full suite of NissanConnectSM Services powered by SiriusXM[®] six (6) month trial period. Trial periods begin on your date of vehicle purchase or lease of a new Nissan; subsequently the respective paid subscription is at the then current rate to continue to receive respective services. Text rates and/or data usage may apply. See Nissan.ca/NissanConnect for details. ²Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ³Available feature. ⁴Google[®] Points of Interest and/or Google[®] Send to Car, provided by independent companies not within Nissan's control. Should service provider terminate/restrict service, service may be suspended or terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment replacement or upgrades, or associated costs, that may be required for continued operation due to service changes. ⁵Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. Bluetooth[®] word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁶Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ⁷Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁸XM[®] and SiriusXM[®] Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic[®]/SiriusXM[®] Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. Fees and programming subject to change. © 2015 Sirius XM Canada Inc. NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield® Philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know you're straying from your lane, or a system that helps ensure you're travelling on properly inflated tires.

Available Features:

- Blind Spot Warning (BSW)^{1,2,3}
- Rear Cross Traffic Alert (RCTA)^{1,3,4}
- Moving Object Detection (MOD)^{3,5}
- RearView Monitor^{3,6}
- Around View® Monitor^{3,6}

Tire Pressure Monitoring System (TPMS)
TPMS lets you know when a tire is low.⁷

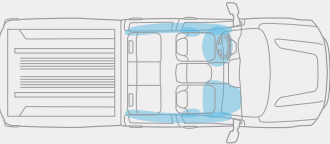

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

- Vehicle Dynamic Control (VDC)** helps you maintain your steered path.⁸
- Traction Control System (TCS)** helps reduce wheelspin in low-traction situations.
- Anti-lock Braking System (ABS)** helps you maintain steering control around obstacles while braking heavily.
- Electronic Brake force Distribution (EBD)** sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
- Brake Assist (BA)** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.⁹

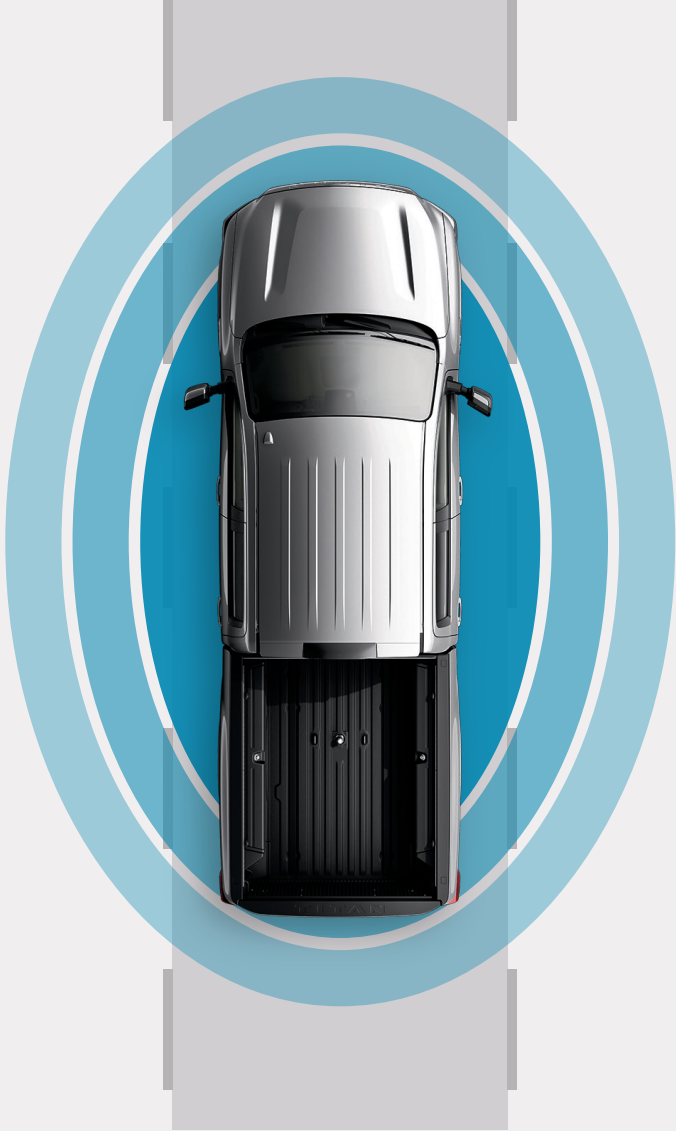

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the seat belt and airbag systems help protect passengers.¹⁰

Six Standard Airbags¹⁰ Nissan's Airbag System has single-stage driver and front passenger supplemental airbags with venting technology and seat-belt sensors.¹⁰ TITAN® XD features front seat-mounted side-impact supplemental airbags¹⁰ and roof-mounted curtain side-impact supplemental airbags.¹⁰

LATCH System (Lower Anchors and Tethers for CHildren)

snug kids® Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners

NISSAN SAFETY SHIELD TECHNOLOGIES™

GET AWAY WITH JUST A WARNING.

Blind Spot Warning (BSW). If another vehicle is detected in the blind spot area, an indicator appears in the driver's or front passenger's door pillar and on the Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime.^{1,2,3}

Rear Cross Traffic Alert (RCTA). When you're backing out of a parking space, this feature watches the area around the rear of your TITAN® XD and can warn you about vehicles detected that you might not see behind you approaching from either side. So feel more confident backing up.^{1,3,4}

Front and Rear Sonar System. TITAN® XD's parking sonar gives you an added ally in your pursuit of parking, with sensors on all four corners looking out for static objects and giving you an audible warning when it detects you're getting close.^{3,11}

Moving Object Detection (MOD). When the Around View® Monitor is in use and detects moving objects near the vehicle, it gives a visual and audible alert.^{3,5}

RearView and Around View® Monitors. When you're in Reverse, the RearView Monitor^{3,6} shows what's directly behind you and helps make backing up and parking easier. And the Around View® Monitor uses four cameras to give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can see where you're going without second-guessing.^{3,6,12}

Pre-production model shown. ¹Late availability. ²Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ³Available feature. ⁴Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ⁵MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. ⁶Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁷TPMS is not a substitute for regular tire pressure checks. ⁸VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁹Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ¹⁰Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. ¹¹The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. ¹²Virtual composite 360° view.

CHOOSE YOUR TRIM LEVEL

S

- 5.6-litre 32-valve Endurance® V8 gas engine with 7-speed automatic transmission¹

KEY AVAILABLE PACKAGE:

- Two-tone Paint Package

¹Late availability. ²Driving is serious business. Only use NissanConnectSM Services powered by SiriusXM® and NissanConnectSM Mobile Apps when safe to do so. NissanConnectSM Services and Mobile Apps availability is dependent on vehicle model, trim level, packaging, and/or options. See [Nissan.ca/NissanConnect](#) for complete availability details. Late availability for some features. Compatible smartphone required to operate NissanConnectSM Mobile Apps. NissanConnectSM Services, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach NissanConnectSM Customer Care or receive support. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. You are responsible for using Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Cellular network not available in all areas and/or at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's or SXM CVS Canada's control. Neither Nissan nor SXM CVS Canada are responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan, SXM CVS Canada and/or their respective agents or affiliates. Certain services require a PIN for activation. Enrollment and Subscription Agreement is required to receive full suite of NissanConnectSM Services powered by SiriusXM® six (6) month trial period. Trial periods begin on your date of vehicle purchase or lease of a new Nissan; subsequently the respective paid subscription is at the then current rate to continue to receive respective services. Text rates and/or data usage may apply. See [Nissan.ca/NissanConnect](#) for details. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁴Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁵Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ⁶VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁷See Nissan Towing Guide and Owner's Manual for proper use. ⁸XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at [siriusxm.ca/terms](#). Fees and programming subject to change. ©2015 Sirius XM Canada Inc. The Sirius® XM,® and SiriusXM® names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. ⁹The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. ¹⁰Driving is serious business and requires your full attention. Only use feature when safe to do so. Compatible smartphone required. Availability of specific feature is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc. and any use of such marks by Nissan is under licence. Text rates and/or data usage may apply. Certain services, including Siri®, are provided by independent companies not within Nissan's control. Should service provider terminate/restrict service, service may be suspended or terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment replacement or upgrades, or associated costs, that may be required for continued operation due to service changes. Siri® Eyes Free is a registered trademark of Apple, Inc. ¹¹Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ¹²Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ¹³Provincial laws may apply; review local laws before using. ¹⁴AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 8 km/h (5 mph). Always check surroundings and turn to look behind you before moving vehicle. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH. BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website [Nissan.ca/finance](https://nissan.ca/finance) to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2016 Nissan is covered by a 3 year/60,000 km⁷ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁷ Powertrain Warranty, an 8 year/130,000 km⁷ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF®, we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

¹Extra cost option. ²Monotone paint is standard on PRO-4X®. Two-tone paint is available. PRO-4X® Gun Metallic only available in Monotone paint. ³Monotone paint is standard on Platinum Reserve. Two-tone paint is available. ⁴See your Nissan Dealership and read the actual limited warranty. ⁵Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ⁶See Nissan Towing Guide and Owner's Manual for proper use. ⁷Whichever occurs first.
