

WHY SLIDE WHEN YOU CAN DRIVE!

LEXUS GS 350 & GS 450h

As a valued guest of Lexus of Oakville
we would like to show you the best we
have to offer

WINTER TIRE FACT

Winter tires are particularly effective throughout the fall and winter seasons under difficult environmental conditions (snow, ice, slush) and at low temperatures, below +7°C.

During the winter season, tires play a crucial role in the vehicles overall safety and performance.

Standard (non-winter) compound characteristics show decreased elasticity resulting in a reduced contact area and therefore a reduction in overall grip when temperatures drop.

LEXUS GS 350 & GS 450h WINTER WHEEL & TIRE PACKAGE SPECIALS

2013-2017 GS 350 & GS 450h
